It's the "Habit for Humanity" Amazing Blitz day two and volunteers are working hard for three lucky families in Sioux Falls.

In nine days the crew will build three new homes.

Andrew Jacob is a first time Blitz builder and for him giving back hits a special place in his heart.

"For me I was raised by a single mom, she never had a chance to buy a house til we were in high school and if something like Habitat could have come along our life could've been different," said Andrew

Jacob.

Blitz Build volunteers come from all over the country to lend a hand.

Andrew came all the way from Pennsylvania and said as soon as this is over he's signing up for next years Blitz Build.

KSFY is proud to be a part of the Amazing Blitz.
